All plates (except for trailers) may be requested with the **disability symbol** as the first character, at no additional charge. If you are eligible, check the in first column below, instead of filling in a letter/number in that box (see example), and attach form #96-0104 (see reverse). The number of characters available for a letter/number for that plate will be reduced by one to allow for the symbol.

- Use only capital letters and numbers. No punctuation or other symbols. Use I for i, L for l, 1 for one, and V (underlined) for v.
- Choices with the maximum number of characters may not have spaces. Choices will automatically be centered on the plate.
- Choices with less than the maximum characters may have 1/2 spaces (indicate with single slash "/") or full spaces. See examples.
- Replacement requests for existing personalized plates may retain 1/3 spacing (indicate with double slash "/").
- To check on the availability of your choice, visit us online.

Each single slash / = 1/2 space

Blank = full space
